

YOUR PERFECT

Whitepaper, Business Plan,
Pitch Deck

OUR STEP-BY-STEP PROCESS

1

Get in touch with us

You can reach us via:
E-mail - hello@intellicore.press
Phone or Skype - +44 2895 81 3824
We'll find a mutually convenient time for a 10 to 30 minute chat about your project. In this step, we will get an overall feel of your project, needs and expectations, and define the value that our services will bring to your project.

2

Receive our proposal

Shortly after our initial call, we will provide you with a proposal that contains both project scope and fee. Please confirm that the project scope corresponds to your needs and expectations, or request adjustments.

3

Sign our client agreement

When we have both agreed on the project scope and fee, we will send over our client agreement for you to sign.

4

Make advance payment

We kindly request a partial payment of 25% of the total sum upon project kick-off.

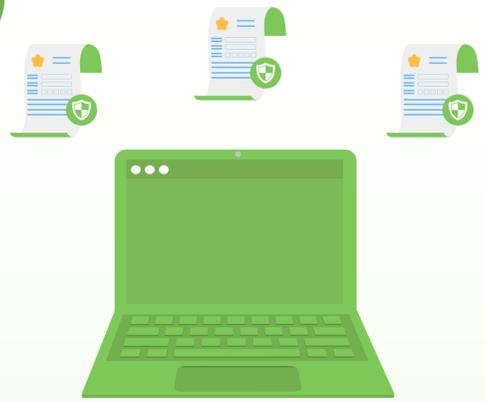

5

Fill out our project questionnaire

We have prepared a project questionnaire for you that is based upon our experiences from several years' worth of successful projects. Filling in all the information and ideas you have about your project will make the project run as smoothly as possible.

6

Send us your documents

Depending on the current stage of your project, you may have a wide range of documents available, such as earlier drafts of whitepaper or pitch deck, technical documentation, marketing briefs, meeting records and others. You may send us anything that is relevant to the project. Don't worry about confidentiality, our client agreement contains an extensive non-disclosure clause. And of course, only you choose which documents we should see.

7

Receive the first draft

After a mutually agreed upon time (typically one to two weeks), you will receive our first draft (as Word doc, unless we have agreed on something else). Feel free to make any comments and requests for changes that come to mind.

8

Receive second and final drafts

In our standard packages, two rounds of revisions are included. The third draft, therefore, is the final draft in which all your comments and requests have been considered and implemented. If graphics design is included in the package you selected, the final draft will also represent the final design stage. If graphics design is not included, you may forward the final draft to your graphics designer.

9

Make final payment

We offer several payment options for your convenience, from PayPal to wire transfer to crypto.

10

Publish and profit!

If your document is intended for a public audience, let us know as soon as it's published online - we'll share it and tweet about it for free!
